## Peurunka Fatbike Safaris

On our 3- to 4-hour guided fat bike safaris, your group gets to experience Finnish wilderness firsthand. The standard route (difficulty 2-3, length 15-20 km) is suitable for anyone with basic fitness level and ability to ride a bike. For groups of experienced mountain bikers, we also offer more challenging routes that require some technical skill.

Peurunka Fatbike Basic Safari includes:

- A 3- to 4-hour guided tour and tips on riding a fat bike.
- English-speaking guide
- Campfire coffee, green or black infused tea with Karelian pies/cinnamon rolls during the break.
- Rental fees: Felt DD 30 fatbike, helmet and bike light
- Liability insurance.

# FATBIKE FUN IN WINTER!

## First impression!

*Weird bikes with sporty look and extra thick tires. Our group is about to embark on a 3-hour fatbike safari into the Finnish wilderness. We start off and travel softly over rocks and tree roots. I never imagined riding in snow could be so much fun!*

*After an hour, we arrive at a campfire. The fresh snow muffles even the sound of our footsteps. I sit on a log by the fire watching the sparks fly up into the sky. I let the peace and quiet soothe my soul. Our guide prepares us some campfire coffee and serves it with Finnish delicacies.*

*After a refreshing break, we hop back on our fatbikes and ride down a narrow path. Trees bowing under the snow's weight form an amazing archway for us to ride through. I stop to take pictures for my friends. They are not gonna believe this!*
